

Whereas the Public Service Pension Plan no longer offers in-person pre-retirement seminars for contributors approaching retirement;

Whereas the BCGREA has no consistent opportunity to make potential members aware of the Association before retirement; and

Whereas three other B.C. Pension retiree associations have created categories to allow plan contributors to join their associations before retirement; now,

Therefore be it resolved that the BCGREA form a committee to gather information and make recommendations about whether to amend our bylaws to create a “Pre-retirement member” category.
